COMPANY PROFILE

Established in the 90's with the sole purpose of offering global logistics solutions in and out of india, a nation that is unique with its complexities, diversified culture, languages and trade barriers. We could achieve positive results by talking and listening to our customers, creating a resourceful and conducive environment for our staff to learn and grow, carefully selecting our network partners and vendors knowing it's a team work!

“ We are mindful of the fact that customers are the heart of our business and they come to us by choice. At CSL, we invest in quality people, train them and make them leaders. All our employees are leaders and our concept of leadership is taking ownership and responsibility. ”

As team CSL we take pride in our logistics activities and we strive hard to be the best in the trade and be recognized as a quality operator.

OUR VALUES

INTEGRITY

We believe in conducting our business with the highest level of integrity during our interactions and dealings with our people, customers and business partners.

OWNERSHIP

We support the sense of ownership and leadership in our people by accepting the responsibility and accountability through decision making and creativity processes without compromising on our values.

TEAM SPIRIT

We strive to create and sustain a conducive working environment for our staff and across the board through listening, debating, helping, sharing and participating as one team.

ATTITUDE

We value enthusiasm, warmth and positive attitude which are essential components to be successful in a service industry.

LEADERSHIP

We strongly believe that the strength of our company is in the quality of our people, as such, our management style is effective leadership practiced by example.

PARTNERSHIP

We start a relationship with our customers, suppliers and our people based on winning a long term partnership and we put sincere efforts to maintain the relationship that goes on and on.

SERVICES

OCEAN FREIGHT

One size fits all theory doesn't work when it comes to Sea-freight. Understanding the customer's requirement and offering a cost effective and efficient solution is the job of quality freight forwarder.

OUR OCEAN SERVICES IN A NUTSHELL

- Service contracts with major global carriers.
- Dedicated export LCL services from all major ports and ICD's in India
- FCL / Break Bulk / RORO services
- Full charters and special equipment handling
- Door to door services to anywhere in the world
- Dangerous goods (IMDG) handling
- Import Services from all continents for both FCL and LCL
- Personal effects and homeward bound solutions

**CONSOLIDATED

SERVICES

AIR FREIGHT

Airfreight is all about speed and reliability but it is not necessary that it has to be always at premium costs. With our fast & flexible products, our customers will have the option to choose the right products at the right costs to match their deadlines.

BELOW ARE OUR AIR SOLUTIONS IN A NUTSHELL

- Holding AWB stocks of major carriers
- Daily direct flights to all airports internationally
- Domestic air express (courier mode) services
- DG handling with IATA qualified staff
- Customized pre and on carriage services
- Having Air Cargo specialist as partners
- Guaranteed on Time Products
- In House Cargo Tracking
- Perishable handling
- Air Charter services

**CONSOLIDATED

SERVICES

LAND TRANSPORTATION

Inland transport is an integral part in the logistics trade and it is a very unorganized sector in India. There are so many middlemen who make the trade expensive and unprofessional. We co-ordinate Inland Freight directly with the customer and the truck owners to optimize the trade.

BELOW ARE OUR AIR SOLUTIONS IN A NUTSHELL

- Full Truck Loads (FTL) and Less than Full Truck loads (LTL) services
- Cross Border Deliveries throughout India & Nepal
- On time pick up and deliveries
- Complete 3 PL services
- Warehousing facilities for Short and Long Term Storage
- Over dimensional Trucking
- Combined Land, Air, Ocean Services

**CONSOLIDATED
SHIPPING LINE**

SERVICES

SEA-AIR

The concept of this service is 30 – 50% faster than sea freight and 30 – 50% cheaper than airfreight.

This service is purely considered as a money saver especially when the customer has more time on hand than airfreight but less time than by sea freight. The cargo is loaded on an ocean vessel as the first leg and then by air as the second leg. Air-Sea is another mode with similar concept with the difference that the first leg goes by air and the second leg by Sea.

SERVICES

FTWZ

FTWZ, or Free Trade Warehousing Zone, is a specialized zone within a nation that offers the necessary infrastructure and amenities for efficient storage, handling, and distribution of goods, ensuring smooth customs clearance

- under the SEZ Act 2005 and is known as the special economic zone.
- Re-export made through FTWZ are exempted from tax and duties, allowing importers to benefit from extended duty deferment periods.
- Importers and exporters can utilize the facility of the FTWZ without having to pay customs duty.
- Customs duty can be paid at different intervals and in lots to clear the cargo.
- Cross-trade cargo and re-export cargo also have the advantage of being able to undergo labeling and alteration.
- If the importer has the original Bill of Lading and all necessary documents in place prior to the arrival of shipment, the container can be moved to the FTWZ for de-stuffing.
- The plug-and-play concept allows stock and sale without payment of any duties and taxes in India, with quality control and sample clearance before full duty payment.
- The FTWZ also allows change of HSN Code through, VAS, and re-export of unsold/damaged/rejected cargo without regulatory challenges.
- Goods that are transported from the Domestic Traffic Area (DTA) to FTWZ are classified as deemed exports.

SERVICES

VALUE ADDITIONS AND UNCONVENTIONAL SERVICES

Freight forwarding is all about going that extra mile, being innovative and giving solutions for every situation. We provide value added services such as Cargo Insurance, Exhibition handling and project procurement.

WE PROVIDE

Cargo Insurance

Exhibition Handling

Project Procurement

Shippers often question the need to purchase additional cargo insurance! As they assume that their goods are covered fully by the carriers or buyers insurance and hence they are protected - This is not always the case.

In the process of transporting goods, at times cargo could be delayed, lost in transit, stolen or damaged. It is always recommended to take specific cargo Insurance especially to reduce the exposure to financial loss. Carrier's liability is always limited and the liability conditions mostly won't cover the value of goods and the cost of claim. Often it is a time consuming process to prove fault. Moreover it has to be proven in the court of law to get settlement of claims.

Through specific insurance coverage we can offer global comprehensive coverage including partial loss, damages, pilferage, customs duties and taxes. The claims settlement is easy and faster. Through our associate licensed brokers, we offer a wealth of experience and competitive rates from the competent insurance markets.

VALUE ADDITIONS AND UNCONVENTIONAL SERVICES

Freight forwarding is all about going that extra mile, being innovative and giving solutions for every situation. We provide value added services such as Cargo Insurance, Exhibition handling and project procurement.

WE PROVIDE

Cargo Insurance

Exhibition Handling

Project Procurement

Exhibition logistics is one of the most sensitive fields and it is the job of a specialist. Most of the exhibitions are meant only for a few days and after the event, goods have to be moved to another venue for another event. Most exhibition sites offer only a small window for delivery and pickup as the venue won't be either ready or it is released for another event. Mostly it's on time delivery and immediate disbursement after the event. Even an hour delay can cause considerable damages to the client and therefore the coordination, planning and execution has to be precise.

We offer full scope on and off site services such as Import freight, Insurance, Temporary customs clearance, On time delivery to show site, Temporary storage, Re-packing and Re-export. We have the experience of handling exhibitions such as Motor shows, Yacht shows, Material and Hardware, Information Technology, Telecom, Industrial, Construction, Power and Energy.
